

VERSANT HOME HEALTH TRANSITION TO PRACTICE PROGRAM™

Versant's focus is to fundamentally transform healthcare through an integrated competency-based system. The system defines, implements, and validates standardized, evidence-based practices to achieve positive patient outcomes.

The Versant Home Health New Graduate Nurse Residency™ and the Versant Home Health Transition Nurse Fellowship™ are designed to transition new graduate nurses and experienced nurses safely and competently into the home health environment.

New graduate RNs and LPNs/LVNs will:

- Take a comprehensive competency assessment specific to the role of home health nurses, giving the organization a clear picture of each individual's strengths and opportunities for development
 - *The competency gap assessment is completed on Versant's web-based management system, Versant Voyager®. Automatic reports are provided to customize the roadmap for individualized learning*
- Receive competency-specific education to prepare them for competency validation
 - *Performance Support Tools necessary to provide the education are provided by Versant®*
- Demonstrate their home health-specific competency to a Versant Validated™ preceptor at the point of care
 - *Versant provides all competencies required of a home health RN*
 - *Versant provides the Versant Preceptor Role Development Program™ and the tools necessary for the organization to validate the required competencies of a preceptor*
 - *The preceptors document the new graduate's and the fellow's performance on Versant Voyager, providing transparency*
- Receive continuous support from nursing leaders, mentors and debriefers in addition to preceptors
 - *Versant provides the topic and content necessary to implement both a mentoring and debriefing program to support the non-clinical transition experiences of the new graduate and the fellow in the home health environment*

Utilizing Versant Voyager, Versant collects, analyzes and reports on outcomes data for each organization to demonstrate financial, quality, and safety outcome goals. Versant's Client Success Team ensures that partner organizations meet their outcome goals.

Versant Home Health New Graduate and Fellow Experience

A NEW ERA OF WORKFORCE COMPETENCY
